## Identification

## User control

In Elite the user's account is under his own control, all playlist favourites share, delete, add options. He can make or modify his own account according to his will. In Fact the suggestion page also provides suggestions regarding the users choice.

## Responsiveness

Responsiveness is a very unique thing that makes a difference between an average native app and a responsive app. Honestly speaking this is a mobile app that only runs on mobile only so there was no need for responsiveness. As, Mobile apps are specific applications customized to each Operating System (OS) that feature unique designs and codebases.

## Real time interaction

Elite has Real-time interaction Ability. As, it delivers contextually relevant experiences, value, and utility at the appropriate moment in the customer life cycle via preferred customer touchpoints. And has the ability to respond to exactly what the user needs and to be as relevant as possible, it is exactly what 'right time' is all about.

## Connectedness

Elements and all the ages are connected to each other using colorful item designs defined for that specific purpose. These items are perceived as a single unit.

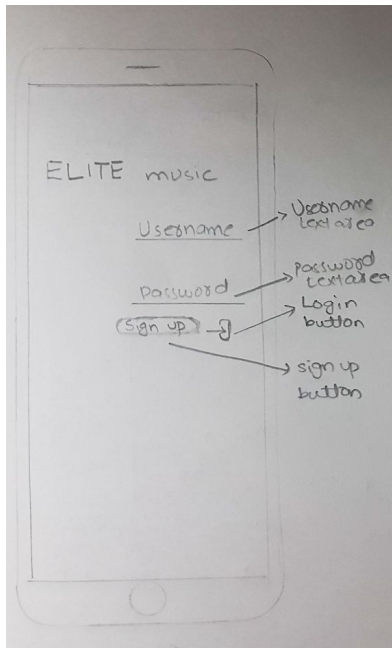

## Personalization

Elite meets the customer's needs more effectively and efficiently, it's interactions are faster and easier and, consequently, increasing customer satisfaction and the likelihood of repeat visitsBy providing value to their choice and premiers and regards their choices through the suggestion pages which provide suggestion keeping in view the users choices.

## Playfulness

The whole Elite App is colorful and has a very enchanting interaction as a mobile app should have to be.

### A Thousand Years

Heart beats fast  
Colors and promises  
How to be brave  
How can I love when I'm afraid to fall  
But watching you stand alone  
All of my doubt, suddenly goes away somehow

One step closer

I have died everyday, waiting for you  
Darling, don't be afraid, I have loved you for  
a thousand years  
I'll love you for a thousand more  
Time stands still  
Beauty in all she is  
I will be brave

**Old Town Road**

Yeah, the guitar solo was better in the old town road  
I'm gonna ride, 'til I can't no more  
I'm gonna ride, 'til I can't no more (ho, ho)  
I'm gonna ride, 'til I can't no more (ho, ho)

Get the horses in the back  
Have back in the back  
Get the horses in the back  
Have back in the back

You can whip your Ponies  
I know you can

**Road to Nowhere**

What we have when we're going  
But we don't have when we're home  
And we know what time leaving  
But we can't say what we're home  
And we know what time leaving  
But we can't say what we're home

Yeah

We're on a road to nowhere  
Come on ahead  
Taking that ride to nowhere  
What's that ride

I'm feeling okay the morning

**Tik Tok**

Waking up in the summer, feeling like I'm hot  
Hey, what's up girl?  
Cool my glasses, I'm not the boss, I'm gonna  
Get the eye (oh, oh)  
Baby, I'ma make my teeth with a little of tooth  
Come when I have for the night, I can't come back

The night goes on in my head  
I'm not the boss, I'm gonna  
Get the eye (oh, oh)  
Baby, I'ma make my teeth with a little of tooth  
Come when I have for the night, I can't come back

Don't stop making it pop  
Oh, how my speakers up

**Dove**

Woke up in the summer, feeling like I'm hot
